CAREER OBJECTIVE

Motivated and detail-oriented Software Engineering student with strong skills in Front-End Web Development, Information Systems Analysis, Full Stack Development, and Data Entry. Experienced in designing, analyzing, and implementing user-centered information systems while maintaining high standards of data accuracy, security, and confidentiality. Passionate about building scalable, responsive applications and supporting efficient organizational workflows through technology-driven solutions.

EDUCATION

Bachelor of Science in Applied Computing (Software Development Major)
KCA University, Nairobi (2023 – Expected 2026)

Certificate in Computer Applications

- Introduction to Computers & Operating Systems
- MS Word, MS Excel, MS Access
- Desktop Publishing (MS Publisher)
- Internet & Email

WORK EXPERIENCE

Front-End Web Developer | Pizza Technologies | Nairobi | 2024 – Present

- Developed and maintained responsive web interfaces using HTML, CSS, JavaScript, React.js, and Bootstrap
- Collaborated with designers and backend developers to implement modern UI/UX solutions
- Performed testing, debugging, and optimization to improve application performance and usability
- Participated in code reviews and agile team meetings to enhance development quality
- Supported basic backend integration and data handling, gaining exposure to full-stack development

ADDITIONAL PROFESSIONAL ROLES

- **Information Systems Analyst (Academic & Practical Exposure)** – Analyzed user requirements and organizational workflows; Modeled system processes and documented SRS; Assisted in designing data-driven solutions aligned with organizational goals.
- **Full Stack Developer (Academic & Project-Based)** – Built and integrated front-end interfaces with backend logic and databases; Demonstrated understanding of end-to-end application development and system architecture; Worked with Java, MySQL, and RESTful concepts.
- **Data Entry Specialist** – Accurately captured, validated, and maintained digital records; Ensured high levels of data accuracy, confidentiality, and integrity; Organized files, performed data cleaning, and managed structured datasets; Fast typing and file conversion (Word / PDF / Image), with basic image editing.

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, React.js, Bootstrap, Responsive Web Design

Backend & Databases: Basic Java, MySQL, RESTful Concepts

Version Control: Git, GitHub

Office Applications & Data Management: MS Word, Excel, Access, Publisher

Other Skills: Data Entry & Fast Typing, File Conversion (Word/PDF/Image), Basic Image Editing

KEY COMPETENCIES

- High Data Accuracy & Attention to Detail
- Strong Analytical & Problem-Solving Skills
- Time Management & Multitasking Ability
- Confidentiality, Ethics & Data Security Awareness
- Clear Communication & Team Collaboration

LANGUAGES

English – Fluent

Swahili – Fluent
